**ABOUT THE NEW YORK RESTAURANT**

The New York Hotel & Restaurant was founded in 1927 by Gus Grevis, an immigrant from Greece. The New York stayed in the hands of the Grevis family for nearly 80 years, and was then sold. Since then the restaurant has changed hands several times and a complete renovation was completed in September, 2011 by new owners Stephen & Shawn Bradley.

Our focus is on fresh familiar food with a new twist. Produce is purchased locally from small farmers when in season and most of the menu items we serve are made from scratch on-site. We purposely have limited freezer space so our customers are assured the freshest food at the best possible price.

We want every customer to leave with an experience they will cherish. It is our goal to always exceed expectations and give our customers more than they bargained for.

Finally, we are committed to the entire Copper Basin community and the people that live here. We recognize that people have both ups and downs in life and believe daily sustenance is critical. To that end no one will be turned away due to their inability to pay for a meal.

*"Suppose a brother or sister is without clothes and daily food. If one of you says to him, 'Go, I wish you well, keep warm and well fed', but does nothing about his physical needs, what good is it?"*
